PASSABCO is a Work Incentives Planning and Assistance (WIPA) program funded by the Social Security Administration (SSA). WIPA projects assist SSI and SSDI beneficiaries who want to work understand how employment impacts their SSA cash and related healthcare benefits and how to access SSA and other work incentives to maximize their financial self-sufficiency as they try to work. WIPA projects also help beneficiaries identify and access employment support services they will need in order to return to work. All services are free, confidential, and completely individualized.
